

What's been happening...

Greetings from the OSH Club! 🌍

The last two weeks have been extravagant at OSHClub. Jam packed with fun learning experiences.

Activities

The children have continued Lego masters and have filled a cupboard full of amazing creations. Playdough and kinetic sand have been a blast with all the creativity put into making landscapes, with animals and cities. We have been brightening crafting with some glitter painting. We couldn't leave out our inclusive outdoor group games that our sports leaders have been choosing and running. A variety include rock paper scissors run, doctopus, footy.

SES visit

We were delighted to have organised a visit for the SES to come visit OSHClub. Children got an amazing learning experience and should now be prepared for an emergency in the future. The SES went through all different emergencies they would attend and why, as well as what you should have in an emergency box just in case of an emergency. Children got the chance to then witness the SES truck which was filled with all different types of equipment. They had gone through all the important equipment that gets used on a regular. The children got to ask thrilling questions that allowed for further interpretation and a show of how the equipment works.

Mother's Day Breakfast

Friday morning, we laid out some treats for the mothers and special persons day. We had cupcakes, brownies, croissants, biscuits and hot chocolates. Some of these in which the children baked themselves prior. It was a fun and an inviting way for mothers to enjoy a morning with their children with a couple of colouring ins and card making activities alongside some craft. We really appreciate the feedback from families and wish to do more in the future.

Community book house

Don't forget about our book house just outside our OSHClub room. It is to borrow books and to swap books at your desire. Adventure your reading world, with the availability of the book house every day.

REMINDERS:

Non-notified absences will incur a fee.

Looking Forward 🌱

We are looking forward to refurbishing our garden and seeing what more we can grow.

We are also looking forward to dinosaur day and all the crafty activities we have.

We also have some science experiments run by our science leaders coming up as well.

Leadership positions

We finalised our leadership roles for OSHClub.

We would like to congratulate the participants that got awarded a position but also thank everyone for putting in an application for a position.

These leadership positions allow for growth in students as well as becoming a role model for so many children to look up to. The leadership roles include amazing skills that will shape students as they grow, these skills include communication, curiosity, adaptability, creativity, decision making and delegation.

We would like to congratulate the following students:

Sports Leaders:

Liv N, Blake L

Storeroom Leaders:

Sarah M, Lucy P

Room Leaders:

Reign H, Gaia G

Science Leaders:

Isla P, Amelia D, Alice B

Baking Leaders:

Evie S, Lola T, Cooper L

Kitchen Leaders:

Ari M, Lily-Joy C, Cherish Q

Garden Leader:

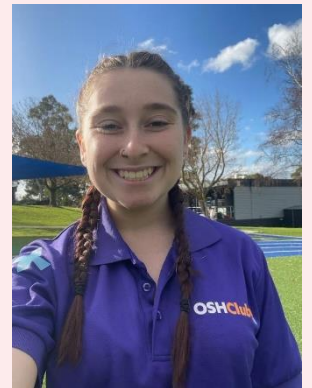

Nora T, Amelia T

Feedback

We would love to hear from you with your feedback!

Please reach out to the team by coming to visit us or giving us a call!
