

What's been happening...

Greetings from the OSH Club! 🌍

Fortnightly Recap:

We have had an adventurous last two weeks here at Boronia Heights OSHClub! The children have learnt about the importance of the environment and how to be sustainable during National Science Week. The students have also showcased their most creative costumes for book week, with characters such as Spiderman, Harry potter and Cat in the Hat!

We have had lots of fun activities that have kept the students occupied and engaged. We have enjoyed making origami, playing chess, watching dance performances, and silent reading under our new "rainbow or gratitude" mural. The rainbow of gratitude features raindrops describing what each child is grateful for, designed and made by the students themselves!

REMINDERS:

Non-notified absences will incur a fee.

Children must have a hat to play outside!

Looking Forward 🌟

Spring holidays 2024: Monday 23rd of September- October 4th of October (Public holiday: Friday 27th of September- service closed).

Child safety standard 11:

Here at OSHClub we follow the Child Safe Standards- a list of 11 standards we implement to always keep children safe. Child Safety Standard 11 is about understanding policies and procedures that uphold child safety. This standard is followed by making sure all staff follow the correct procedures and understand all policies to ensure child safety, such as completing and reviewing the Policy of the Week, creating a risk management plan and signing the Safeguarding Children & Young People declaration form.

If you have any suggestions on how we can further implement this standard. let us know!

Holiday program:

Spring Holidays are coming up and we have lots of exciting activities planned! The Spring holiday program is now available on our website and the parent portal. If you haven't already, book in now to secure a spot!

Friday 27th of September is a public holiday, therefore our service is closed*
